

- Q1: 2N3904
- U1: PIC16F84
- U2: 74F244
- U3: LMC567

R13, Q1 and CN1 were added to the system after the PCB was fabricated. PCB traces for R12 and U2f-h were pre-existing. Using these traces, as is, was the easiest way of incorporating the additional components.
